Welcome

Dear Student,

On behalf of the Initial Flight Training Deutschland, welcome to the gateway of aviation for military pilot training in Germany. Over the coming months, your ab initio flight training will include classroom, simulation and live flight training at the CAE Bremen Training Center and CAE's training site in Montpellier, France operated with our partner, Airways Aviation.

You are joining an important network of aviators worldwide. CAE is one of the world's leading providers of ab initio training, delivering initial flight training to various military forces around the world including all future United States Air Force pilots, the Royal Canadian Air Force, and many NATO pilots. We leverage our 75 years of experience to enhance your training with our digital innovation, immersive training environments and exceptional personnel to provide the best training experience for you.

CAE wishes you success during your training and looks forward to supporting your mission readiness.

About the IFTD Flight School

Located at the Bremen Airport, International Flight Training Deutschland, is the gateway of aviation for military pilot training in Germany. CAE GmbH has overall responsibility for the ab initio flight training program, providing academic, simulator and live-flying training to more than 40 students annually. A fleet of Diamond DA-40 and CAE-owned DA-42 aircraft will be used to fulfill single and multi-engine live-flying training requirements at both the CAE Bremen Training Centre as well as at CAE's training site in Montpellier, France operated by industry partner Airways Aviation. CAE GmbH will leverage the established approved training organization (ATO) curriculum as well as onsite CAE instructors.

The training program includes four phases:

Phase	Location	Duration
Theoretical Training	Bremen	10 months
SE / IR Single Engine / Instrument Rating	Montpellier	7 months
ME / IR Multi Engine / Instrument Rating	Bremen	4 months
UPRT Upset Prevention and Recovery Training	Bremen	4 months
MFS Militärluftfahrzeugführerschein Military Pilot License	Bremen	3 months

We are here if you need us

CAE looks forward to welcoming you to our flight school. Our staff will be on hand and glad to help you during your stay. We wish you success in the coming months as you pursue your career as a military pilot. We hope that your training experience in Bremen and Montpellier will be one that you thoroughly enjoy and that the memories you take home with you will last a lifetime!

Training Site Bremen, Germany

Address

*Hanna-Kunath-Str. 12
28199 Bremen, Germany*

The training site is located at the airport in Bremen, which is only about 4 km (or 11 minutes by tram) from the city center.

Bremen, which together with the city of Bremerhaven makes up Germany's smallest federal state, is a vibrant urban centre. This is where the traditional meets the modern, and metropolitan living meets north German hospitality. In Bremen, you never have to travel too far or for too long. Here, history, culture and life's little pleasures are closely interwoven – and are often only a short walk apart. Go on the trail of the Town Musicians for a true fairytale experience and discover Bremen's feel-good factor.

Training Site Montpellier, France

Address

*Aéroport Montpellier Méditerranée,
CS 10005 34137,
Mauguio, France*

Located by the Mediterranean Sea, the training site in Montpellier enjoys a perfect climate to fly, with 300 days of sunshine per year.

Montpellier is currently the 8th French city in terms of population, and the 3rd Mediterranean city after Marseille and Nice. It's the most populated city of the Herault Department and the second of the Languedoc-Roussillon-Midi-Pyrénées region after Toulouse. For the last 30 years, Montpellier has been very attractive for its quality of life, its culture, and the Mediterranean climate. Montpellier is a city of important growth in France, in terms of economy and demography. With 70,000 students, it's also the second city with the highest number of students per capita, and the 7th university pole in France. The social diversity is also applicable to the flight school, which is a rewarding experience for our students.

Pilots must hold their badge to enter some pedagogical premises (Runway, Dispatch).

Accommodation

The students rooms are located in close proximity of the school and offer a comfortable stay. The rooms are equipped with single beds.

Upon arrival, the rooms are allocated to the students and are to be used exclusively by the assigned users. This means that visitors cannot stay overnight. The rooms have bathrooms with a shower, sink and WC. WiFi is available in the rooms. Each student room has a pantry kitchen equipped with a fridge, an electric hotplate and microwave oven. Moreover, every room has a TV and a desk. You are welcome to bring your own coffee machines or electric kettles.

Mail

There is an opportunity for each student to receive mail in their own mailbox. After the allocation of the rooms, each student receives a personal address to which, for example, forwarding requests can be addressed.
