Dear valued suppliers

Mark your calendar! CAE announces its **3rd annual Supplier Golf Tournament** and is pleased to invite you to join us. Organized by the Global Procurement and Supply Management department ("GPSM"), the tournament will be held on **September 12th, 2024**, at the **Saint-Raphaël Golf Club** located at 1111, Montée de l'Église, Île Bizard, Québec, Canada H9C 1H2. All proceeds from this year's event will be donated to Centraide of Greater Montréal.

Golfers and non-golfers alike can partake in this eighteen hole tournament. The day will be fun and social but the course is also designed for the serious golfer to enjoy. To make the most of this day, various booths and activities will punctuate your course. To end this event on a good note, prizes will be given to winners, and a raffle will be organized with many interesting prizes up for grabs.

You may sign up on our event website as an individual participant (**\$900 CAD/person**), in which case you will be placed with 3 other players, or as a full team (**\$3,600 CAD/foursome**). As CAE executives and GPSM management will attend this event, feel free to invite the members of your management team for better networking opportunities.

You can also contribute to Centraide/United Way's very worthy cause by purchasing a sponsorship package. Purchases of sponsorship packages will be on a first come, first serve basis. In alignment with government policies and regulations, sponsorships for such events are not eligible for donation tax receipt. You can also contribute with a donation for the cause through the registration website, for which the whole donation amount is eligible for a tax receipt.

Furthermore, individual participants and foursomes will be eligible for donation tax receipts for what is deemed "pure" donation amount (net of event costs). The donation tax receipt will be issued directly by Centraide/United Way. Please consult the options outlined online at the [2024 CAE's GPSM Supplier Golf Tournament](#) website.

We hope you will join us for this enjoyable day of golfing, networking, all while supporting a good cause! **The deadline to sign up is August 2nd, 2024**. Kindly note that places and sponsorships are limited. For any questions, please contact our organizing committee at gpsm-golftournament@cae.com.

Thank you very much for your interest and your support. We look forward to seeing you on the green!

Kind regards,

Bernard Ross

Vice President, Global Procurement & Supply Management

CAE's GPSM Supplier Golf Tournament in support of Centraide/United Way

Schedule for the day

10:30 a.m.	Shotgun start
5:30 p.m.	Cocktail followed by dinner

About Centraide

Centraide's mission is to make the most important social issues such as poverty and exclusion unignorable and provide everyone with the means to build inclusive communities and improve the quality of life for the most vulnerable.

The agencies we support address several dimensions of poverty, including youth success, meeting basic needs, the inclusion of vulnerable and marginalized communities, and the development of inclusive living environments. All of these aspects are interrelated and depend on each other.

Poverty rates are higher for children, single-parent families, single individuals, recent immigrants, members of visible minorities, and a growing number of workers.

Poverty can be persistent or temporary, brought on by difficult situations (job loss, family upheaval, mental health issues, difficult immigration experiences, etc.) or other factors (age, disability, ethnocultural background, etc.).

Poverty has a significant impact on several aspects of life, including academic success, housing conditions, food security, physical and mental health, and life expectancy.

Poverty is a major cause of social exclusion, just as social exclusion is in turn a barrier to overcoming poverty. **It's a vicious cycle!**

Poverty is not an individual issue. **It concerns everyone!** Poverty has a cost, as it deprives society of its full pool of talent and resources. It costs Québec between \$15 and 17 billion per year.
